

AI educator and knowledge-management practitioner who turns complex ideas into learning and operational systems people can use. Experience across media, technology, and regulated environments, with a practice rooted in clear instruction, responsible adoption, and durable knowledge structures.

FOCUS AI literacy | Knowledge management | Curriculum design | Responsible AI practice

EXPERIENCE

Founder & Curriculum Creator

2026 - present

MY GIRL SARAH

- Built AI Foundations for non-technical adult learners, including a training deck and facilitator guide.
- Designed practical AI-assisted systems for the business, with human review kept in the loop.

Knowledge & Communications Business Analyst

2025 - 2026

VERSANT MEDIA

- Architected an enterprise knowledge-management structure across groups, owners, repositories, and employee-facing navigation.
- Designed centralized request intake and reusable AI enablement materials for practical adoption.

Knowledge Management & Project Manager

2025 - present

CENTURION CYBERSECURITY / RYSKR.AI

- Created All Clear, an AI-ready knowledge-governance platform concept focused on permissions, classification, traceability, and lifecycle controls.
- Developed version-controlled taxonomy and operational reporting systems.

Earlier enterprise work

2015 - 2025

NEWS CORP, WARNER MUSIC GROUP, BROTHER USA, AND AST BEARINGS

- Experience spanning quality systems, compliance, policy, enterprise change, global access review, and operational enablement.
- Translated complex requirements into usable workflows, documentation, and communication.
